## HIGHLAND BRAND EVAPORATED CREAM IS THE SIMPLEST YET MOST COMPLETE FOOD FOR INFANTS

From our Model Dairy Farms we obtain *milk of the highest quality*—sterilize it, and evaporate it down to a cream-like consistency. Our special treatment of the casein, while being heated, makes it more easy of digestion and more readily assimilated than raw milk. *Clean milk is absolutely essential in infant feeding.* Highland Brand Evaporated Cream is the cleanest of milk—pure, germ-free, of uniform composition—and always ready.
